ISIC Rev.5 Class Distribution

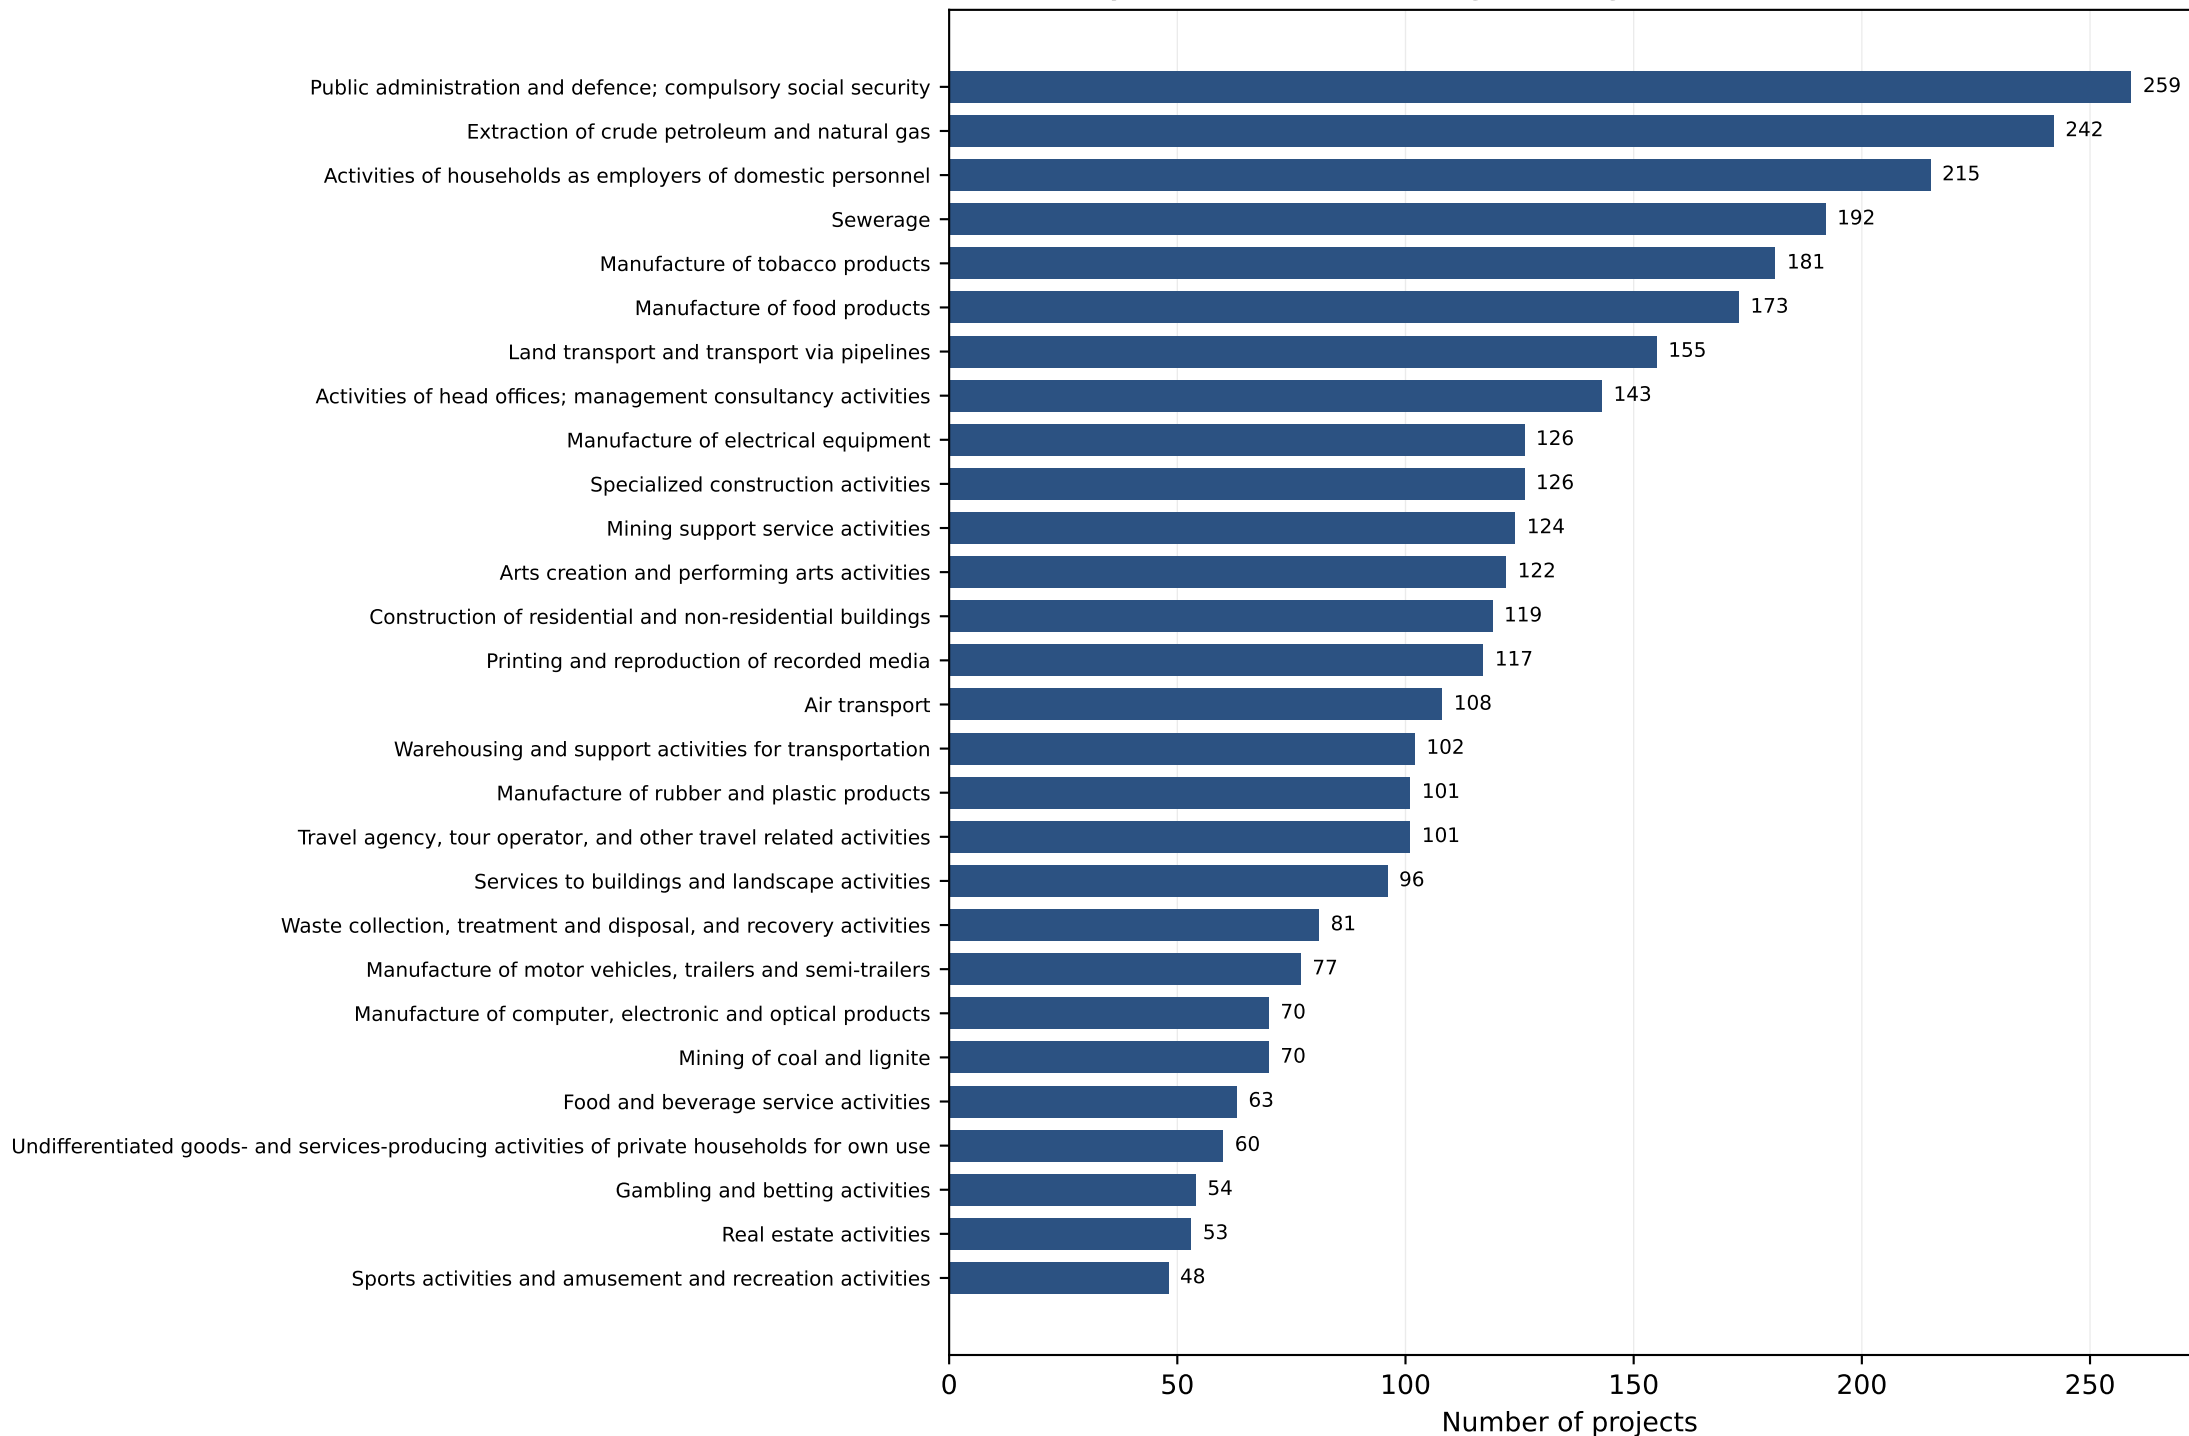

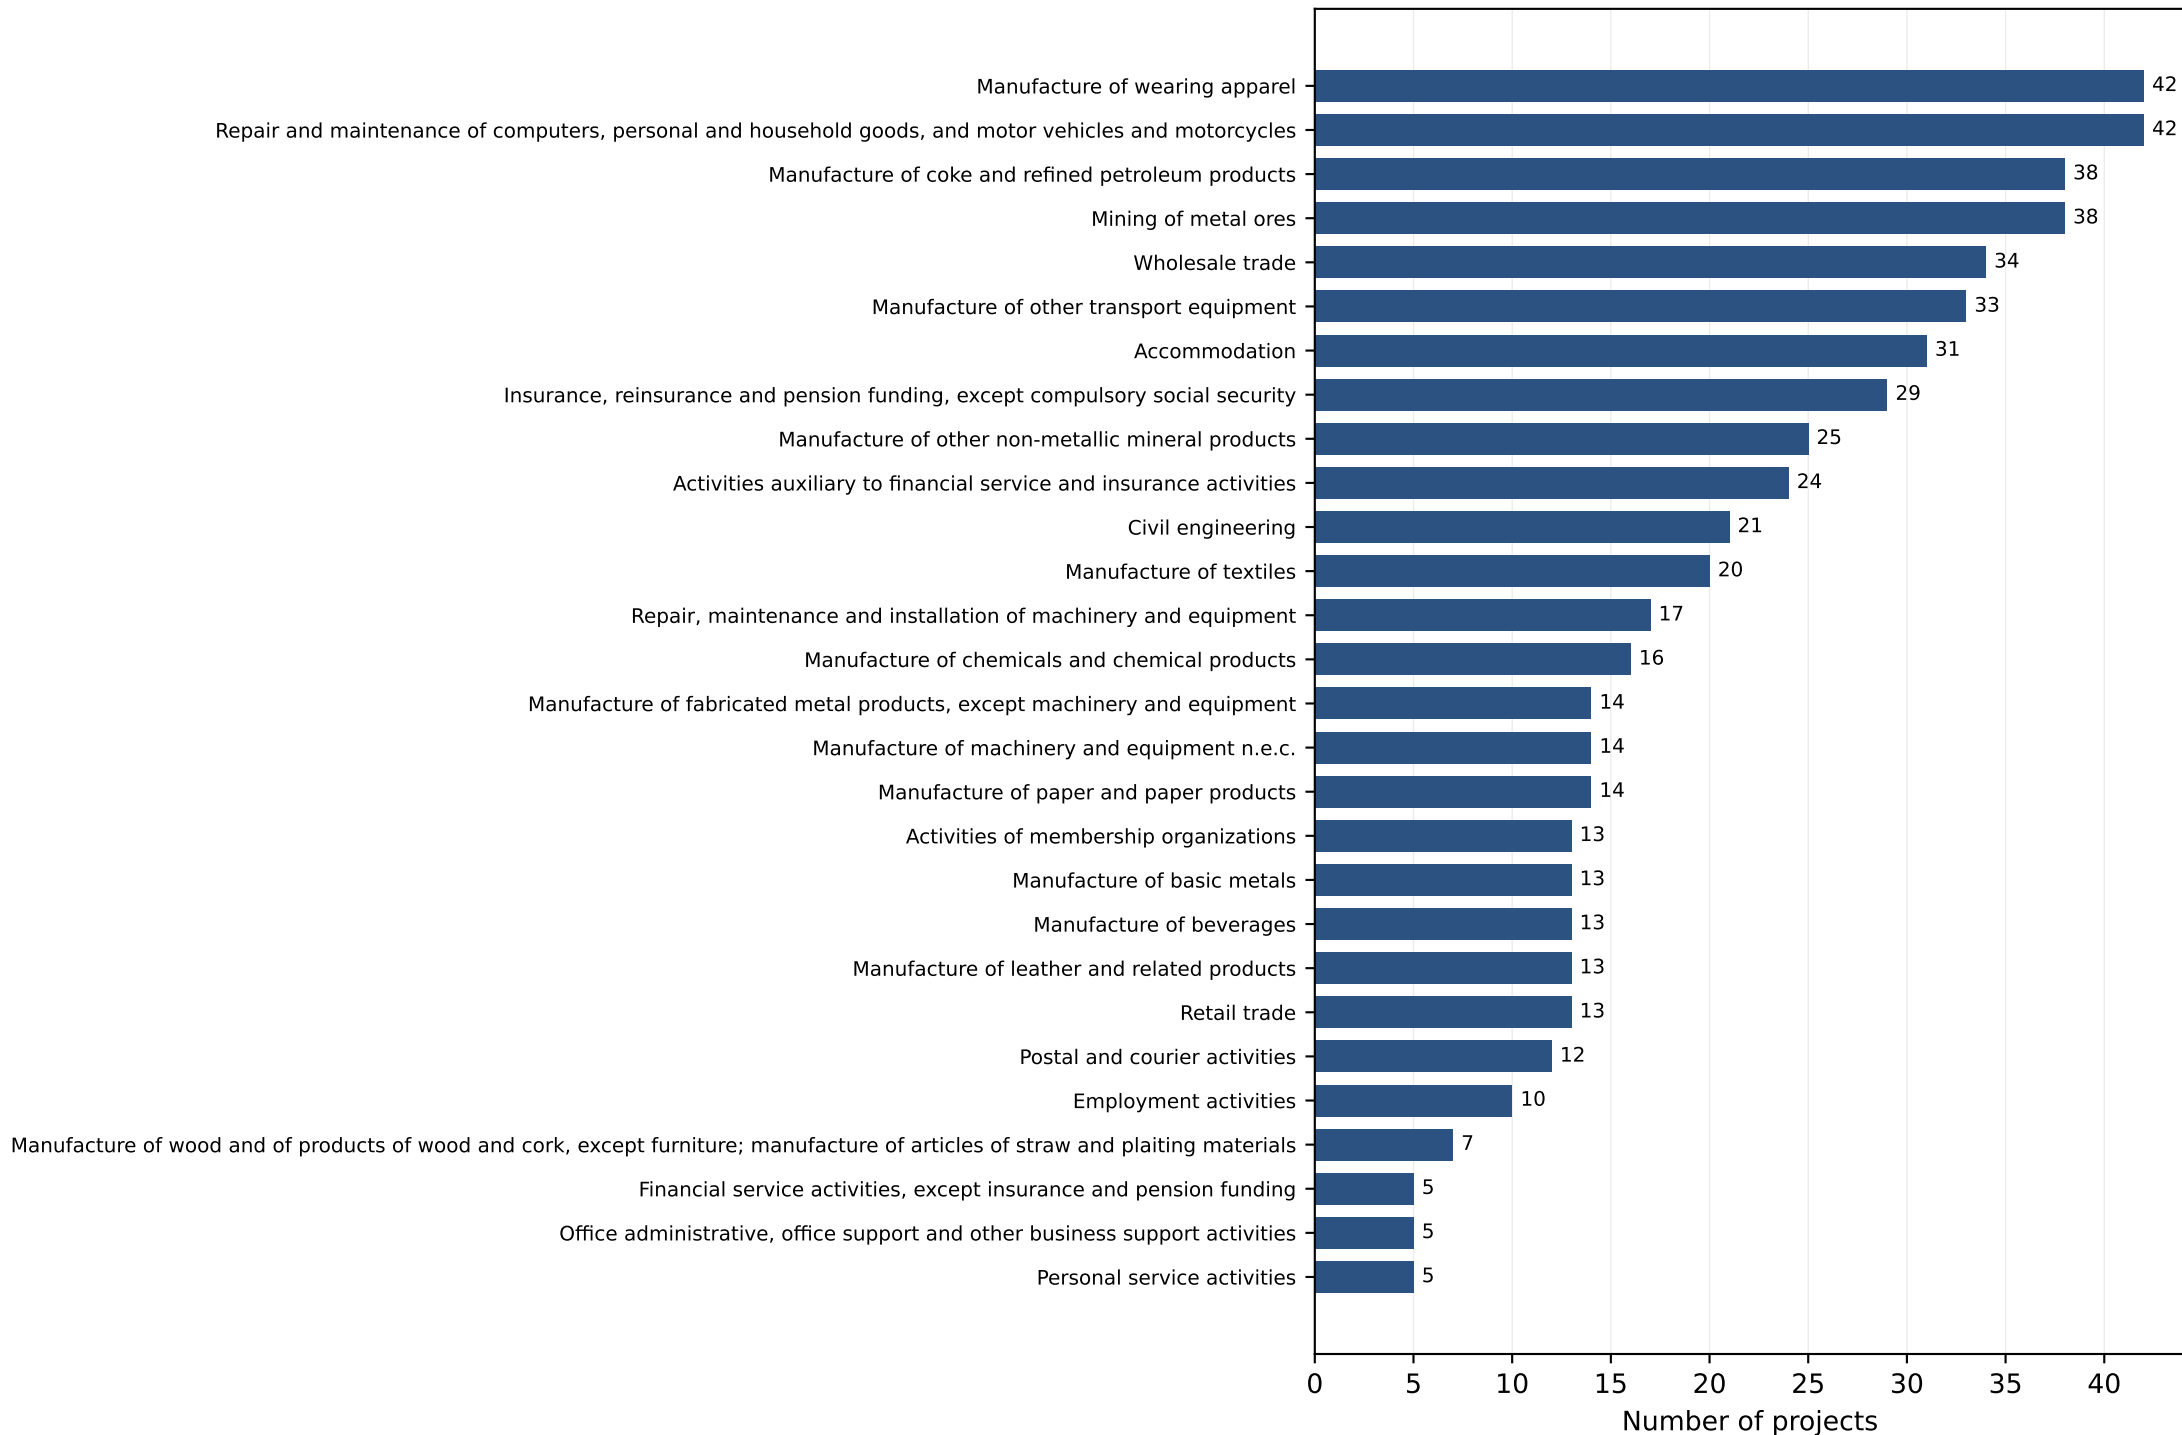

Author: Ahmadreza Nourozi | FAU Erlangen-Nuremberg

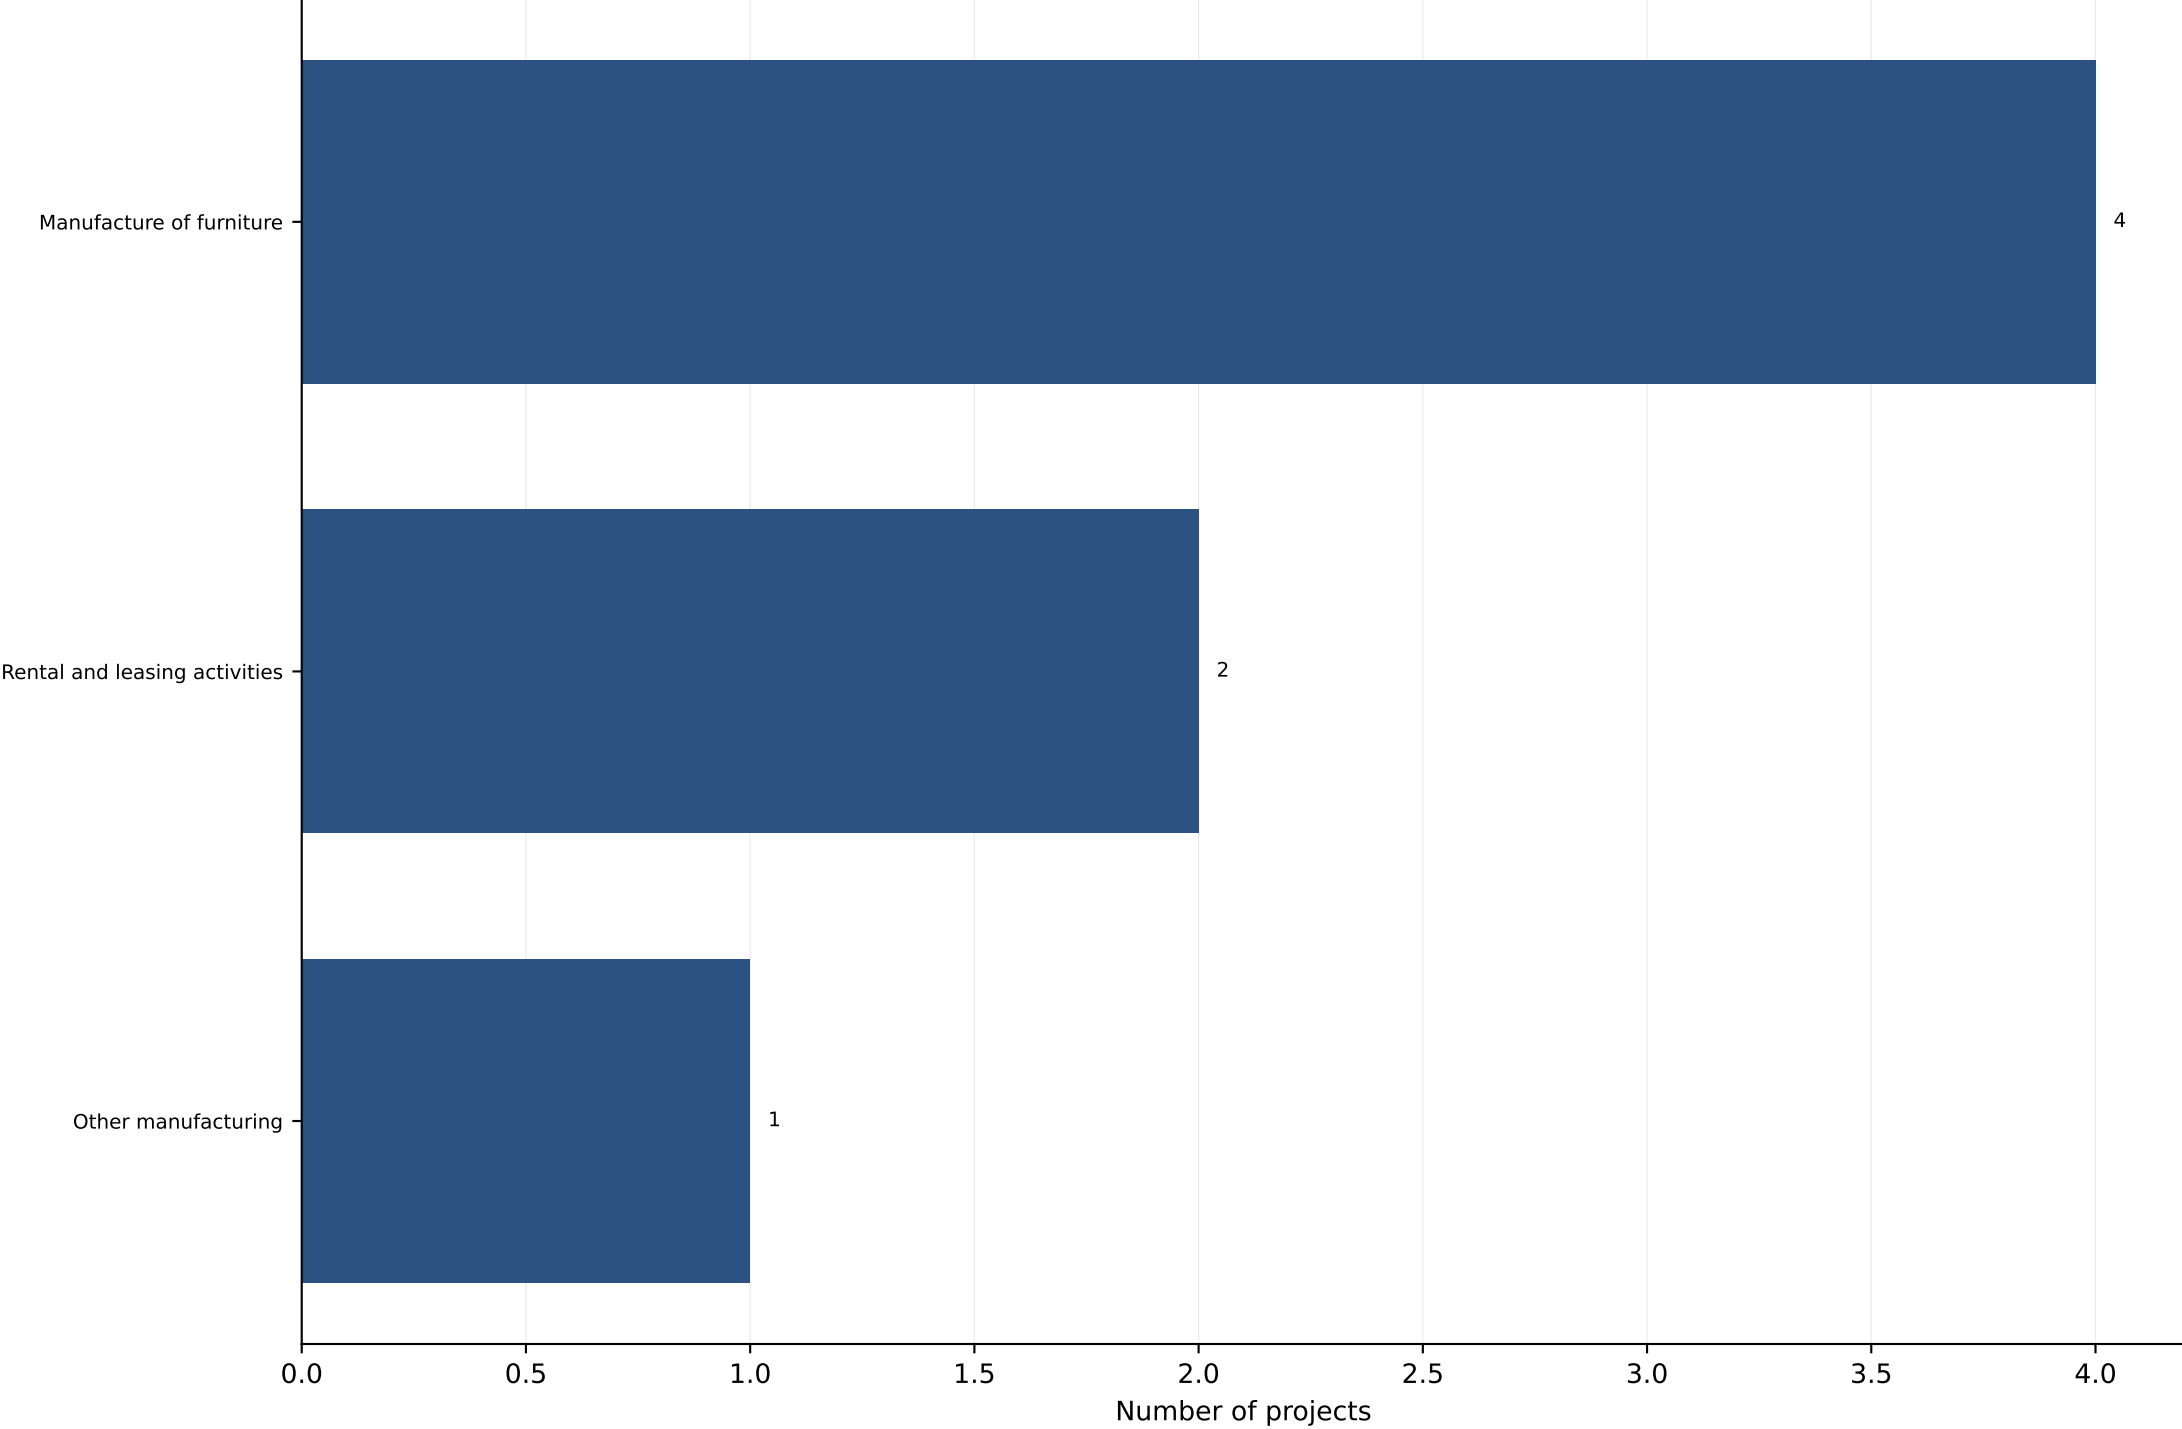

Repository 1: <https://zenodo.org> (histogram 1/4)

Repository 1: <https://zenodo.org> (histogram 2/4)

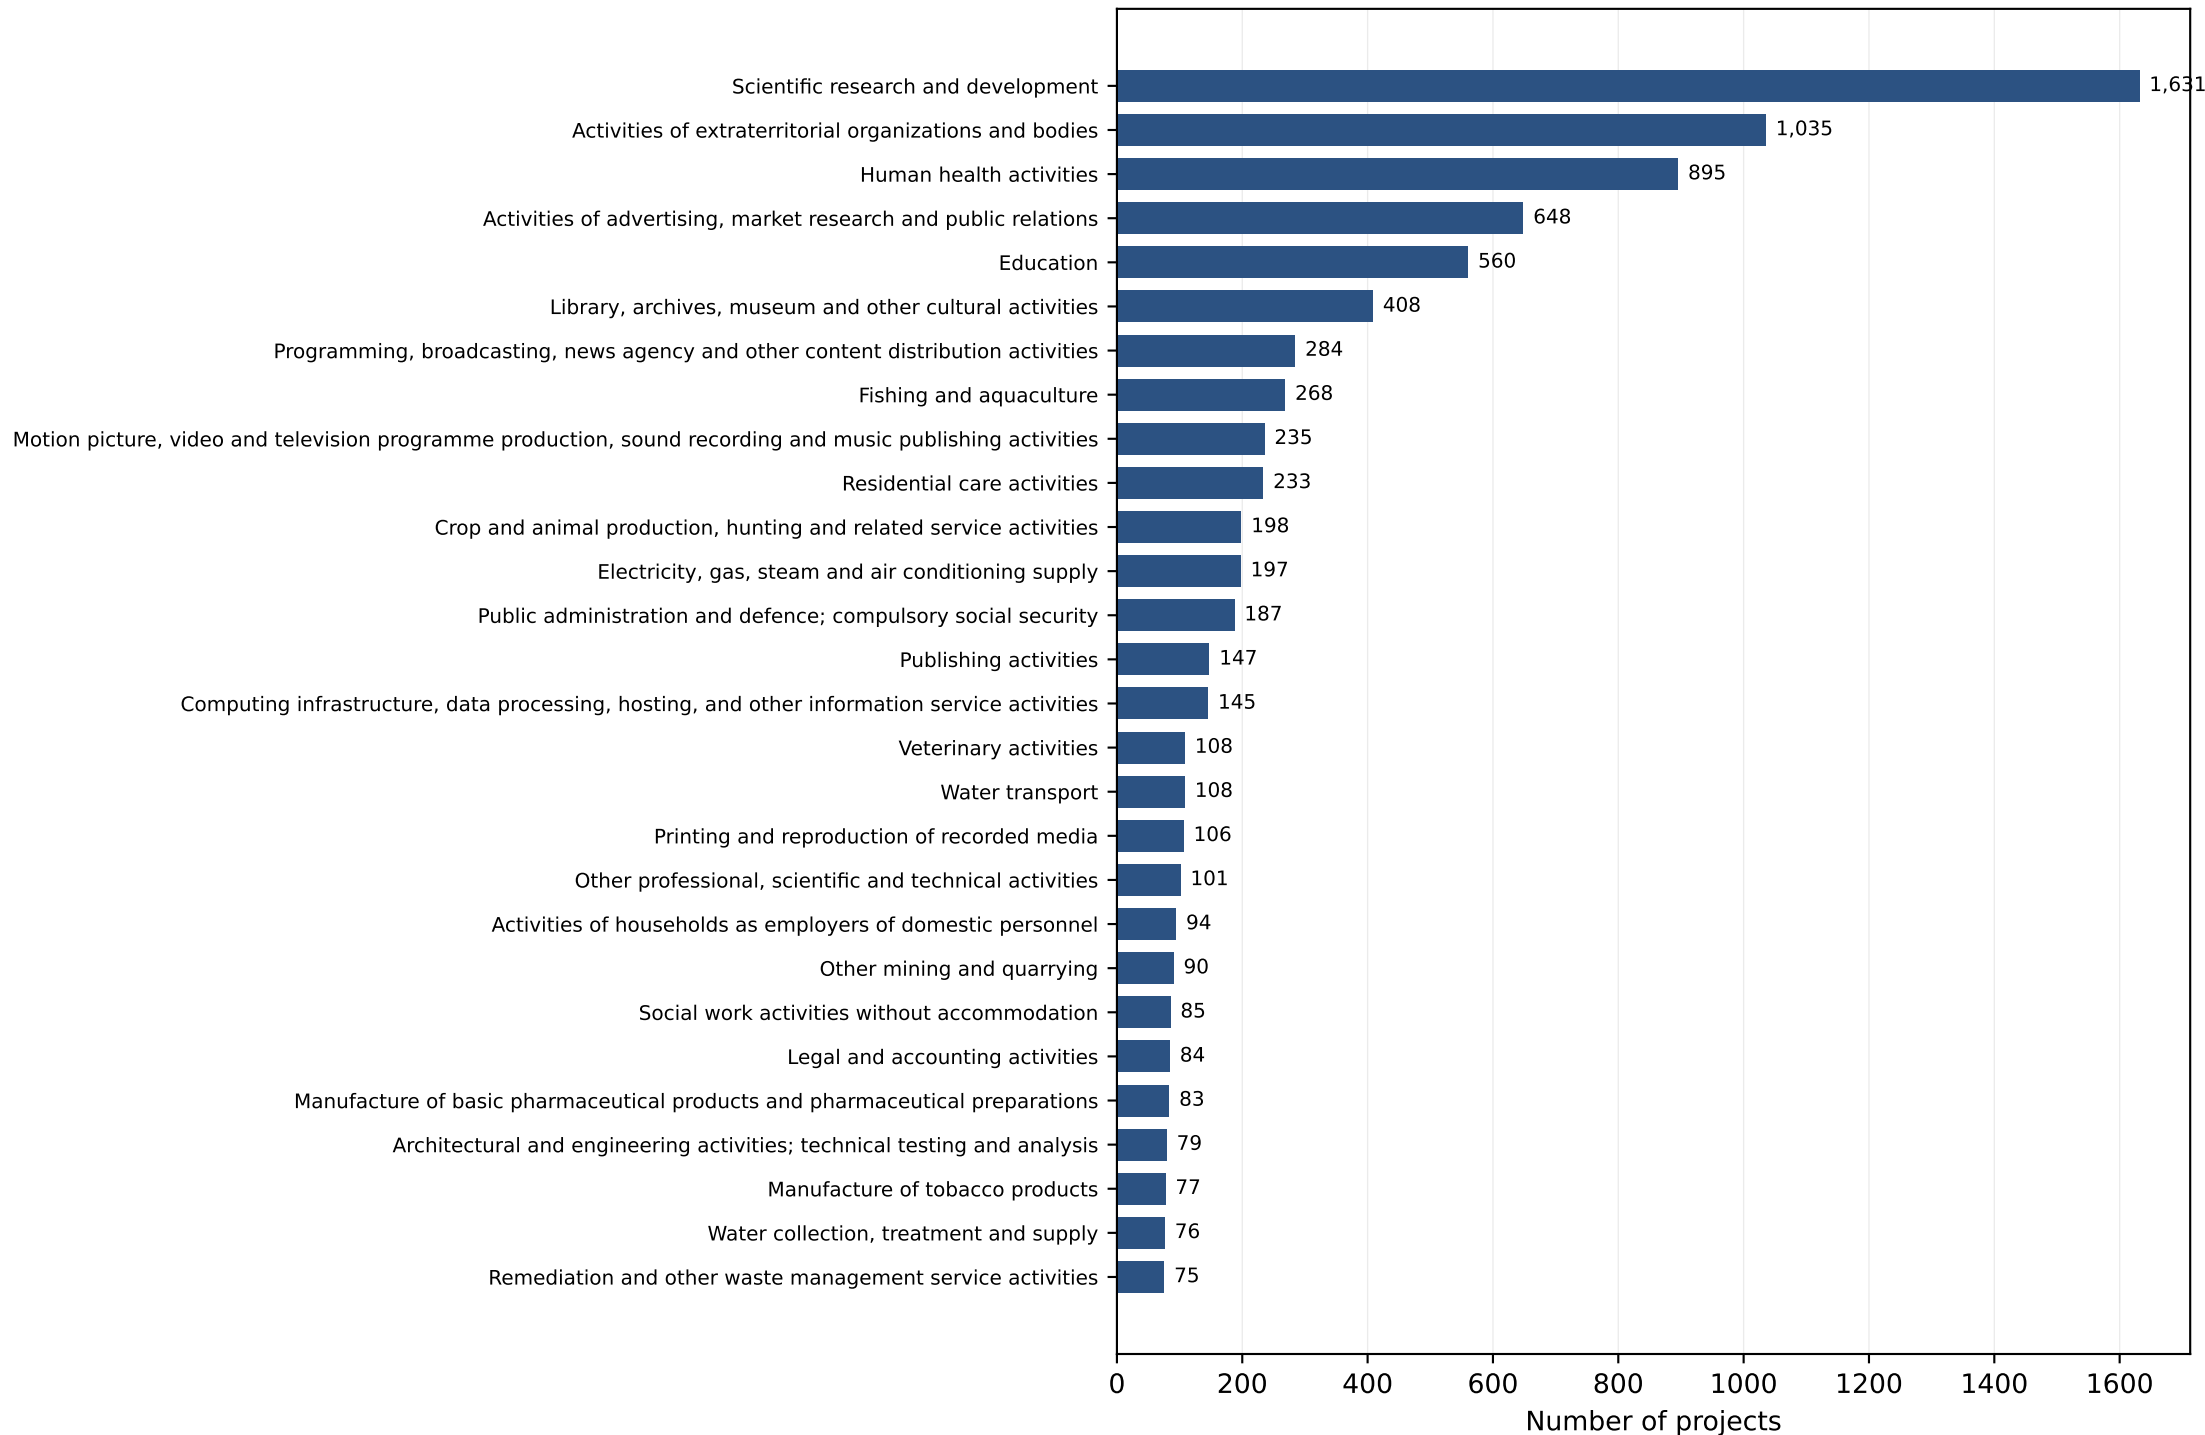

Repository 1: <https://zenodo.org>

Top 20 primary ISIC classes (rank-ordered by project count)

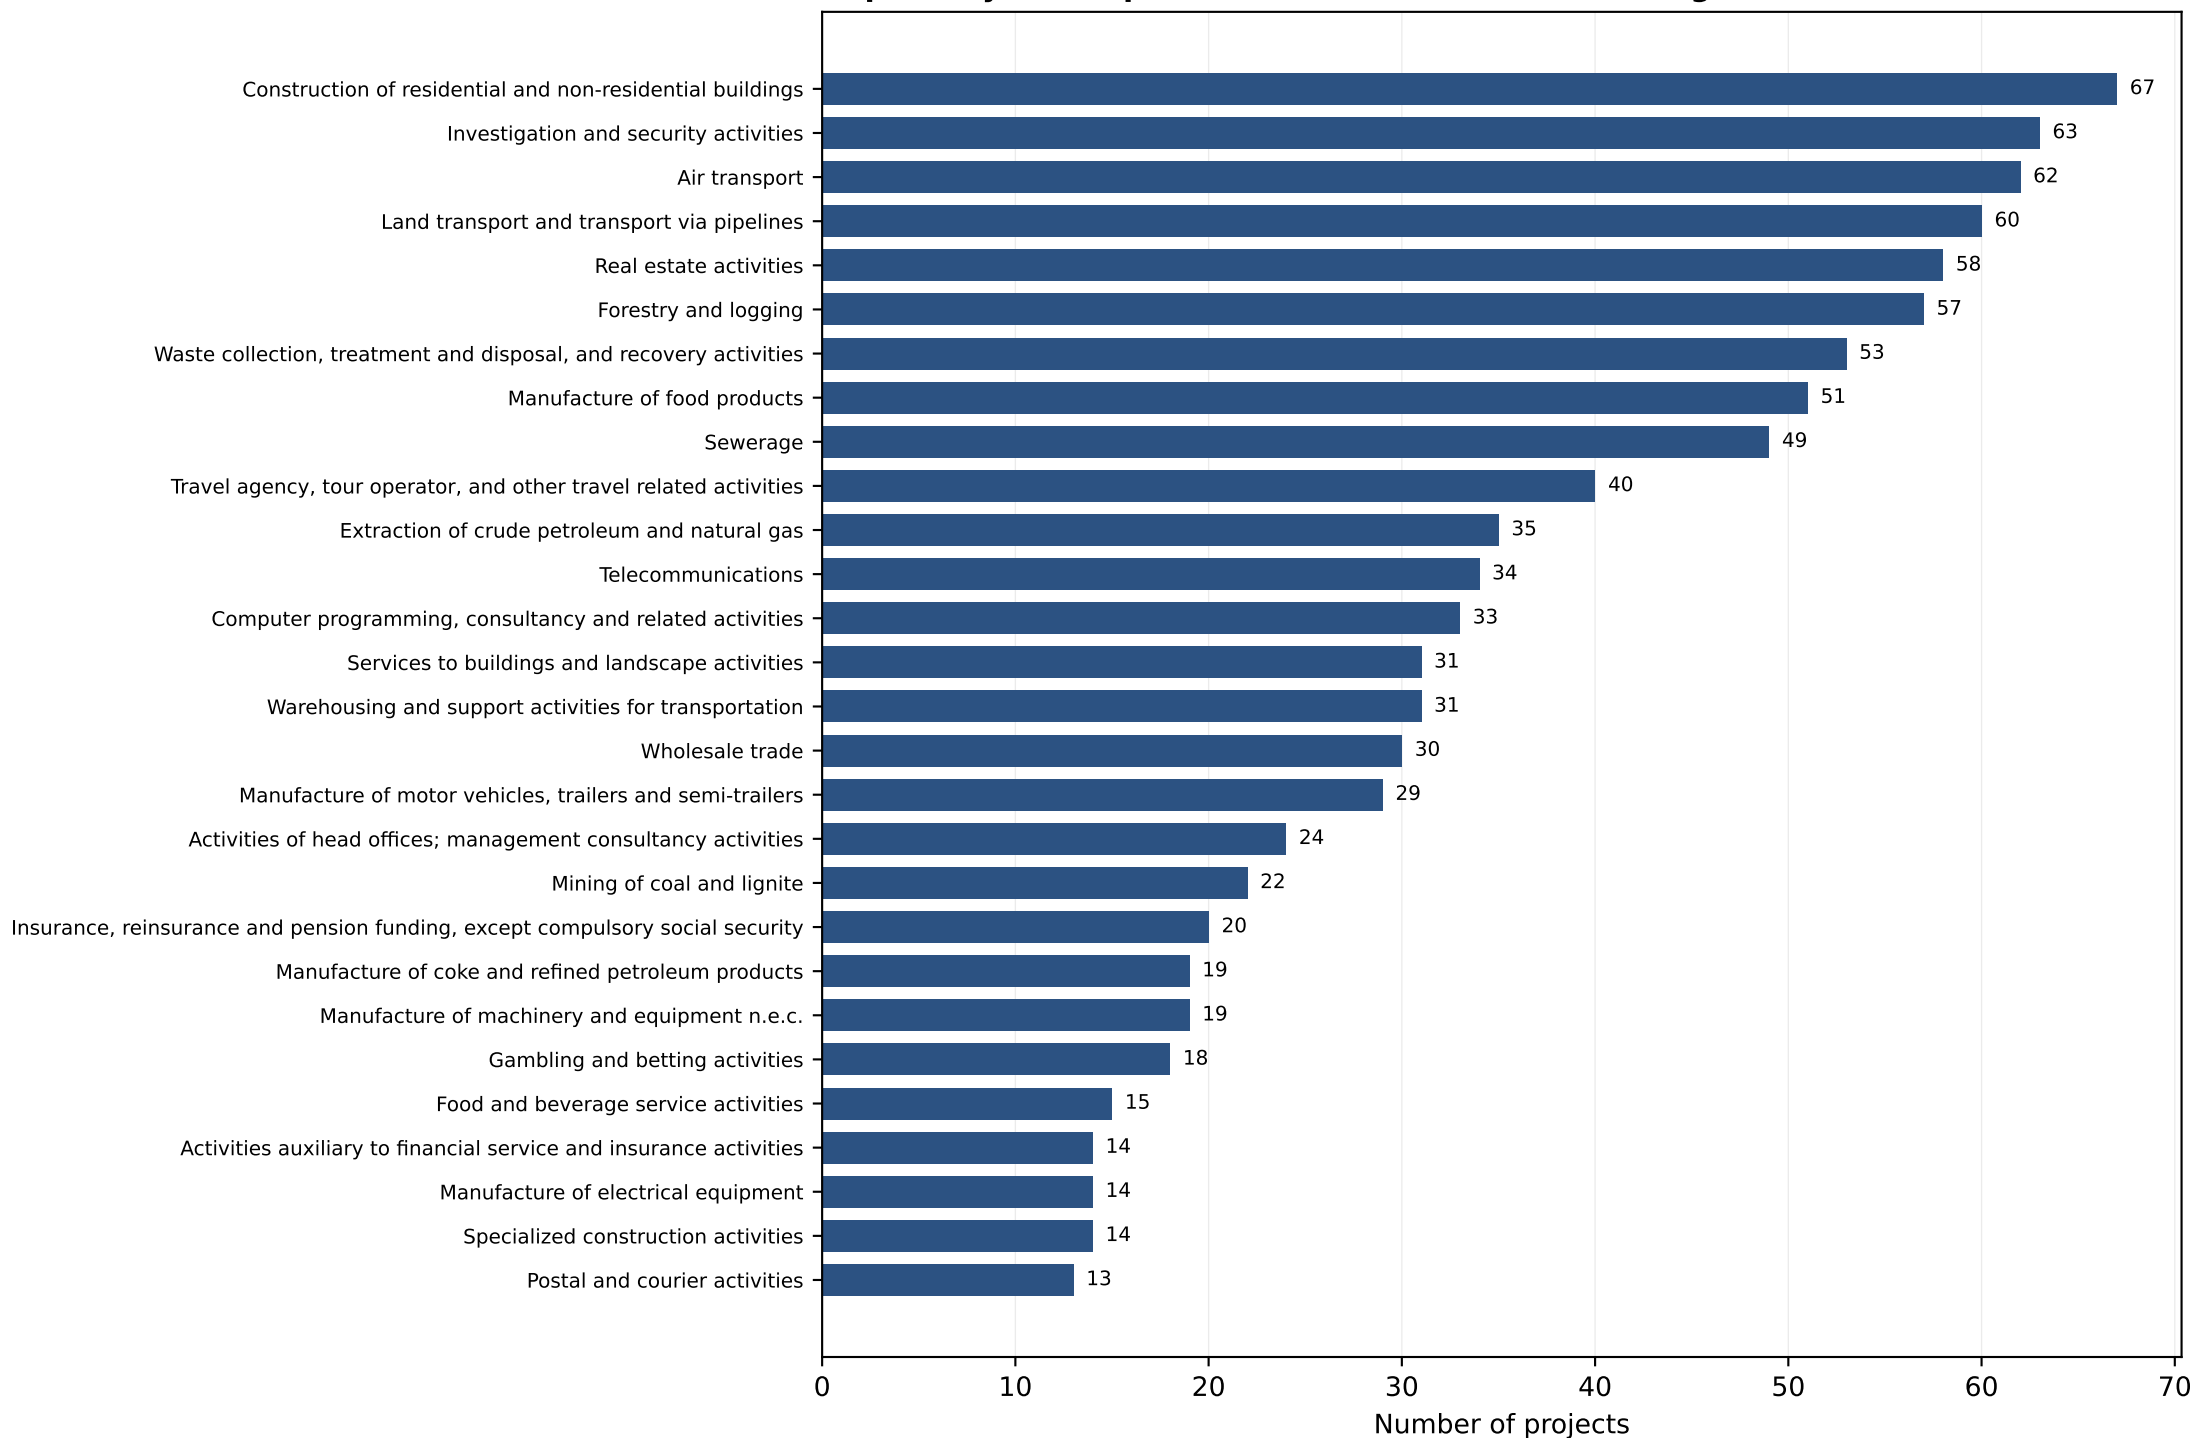

Rank	Primary class (ISIC division)	Count	Share
1	Scientific research and development	6,002	19.6%
2	Education	3,509	11.4%
3	Human health activities	2,184	7.1%
4	Fishing and aquaculture	1,640	5.3%
5	Activities of extraterritorial organizations and bodies	1,554	5.1%
6	Activities of advertising, market research and public relations	1,252	4.1%
7	Veterinary activities	753	2.5%
8	Social work activities without accommodation	661	2.2%
9	Motion picture, video and television programme production, sound reco	659	2.1%
10	Crop and animal production, hunting and related service activities	649	2.1%
11	Computing infrastructure, data processing, hosting, and other informati	641	2.1%
12	Manufacture of basic pharmaceutical products and pharmaceutical prep	613	2.0%
13	Architectural and engineering activities; technical testing and analysis	585	1.9%
14	Publishing activities	557	1.8%
15	Library, archives, museum and other cultural activities	541	1.8%
16	Other mining and quarrying	488	1.6%
17	Other professional, scientific and technical activities	459	1.5%
18	Water transport	444	1.4%
19	Programming, broadcasting, news agency and other content distributio	417	1.4%
20	Computer programming, consultancy and related activities	383	1.2%

Comments: This repository contributes 30,674 classified projects across 87 ISIC Rev.5 division labels. The most frequent primary class is "Scientific research and development" (6,002 projects, 19.6% of the repository total). The label distribution is broad, with projects spanning many economic activity divisions; this is typical of general-purpose open repositories. Zenodo aggregates multidisciplinary research outputs; the wide ISIC spread reflects heterogeneous deposit topics rather than a single disciplinary mandate.

Top 20 primary ISIC classes (rank-ordered by project count)

Rank	Primary class (ISIC division)	Count	Share
1	Scientific research and development	1,631	17.5%
2	Activities of extraterritorial organizations and bodies	1,035	11.1%
3	Human health activities	895	9.6%
4	Activities of advertising, market research and public relations	648	6.9%
5	Education	560	6.0%
6	Library, archives, museum and other cultural activities	408	4.4%
7	Programming, broadcasting, news agency and other content distributio	284	3.0%
8	Fishing and aquaculture	268	2.9%
9	Motion picture, video and television programme production, sound reco	235	2.5%
10	Residential care activities	233	2.5%
11	Crop and animal production, hunting and related service activities	198	2.1%
12	Electricity, gas, steam and air conditioning supply	197	2.1%
13	Public administration and defence; compulsory social security	187	2.0%
14	Publishing activities	147	1.6%
15	Computing infrastructure, data processing, hosting, and other informati	145	1.6%
16	Veterinary activities	108	1.2%
17	Water transport	108	1.2%
18	Printing and reproduction of recorded media	106	1.1%
19	Other professional, scientific and technical activities	101	1.1%
20	Activities of households as employers of domestic personnel	94	1.0%

Comments: This repository contributes 9,346 classified projects across 83 ISIC Rev.5 division labels. The most frequent primary class is "Scientific research and development" (1,631 projects, 17.5% of the repository total). The label distribution is broad, with projects spanning many economic activity divisions; this is typical of general-purpose open repositories. Harvard Dataverse hosts social-science and qualitative collections; education, health, and research-related divisions commonly appear among QDA deposits.

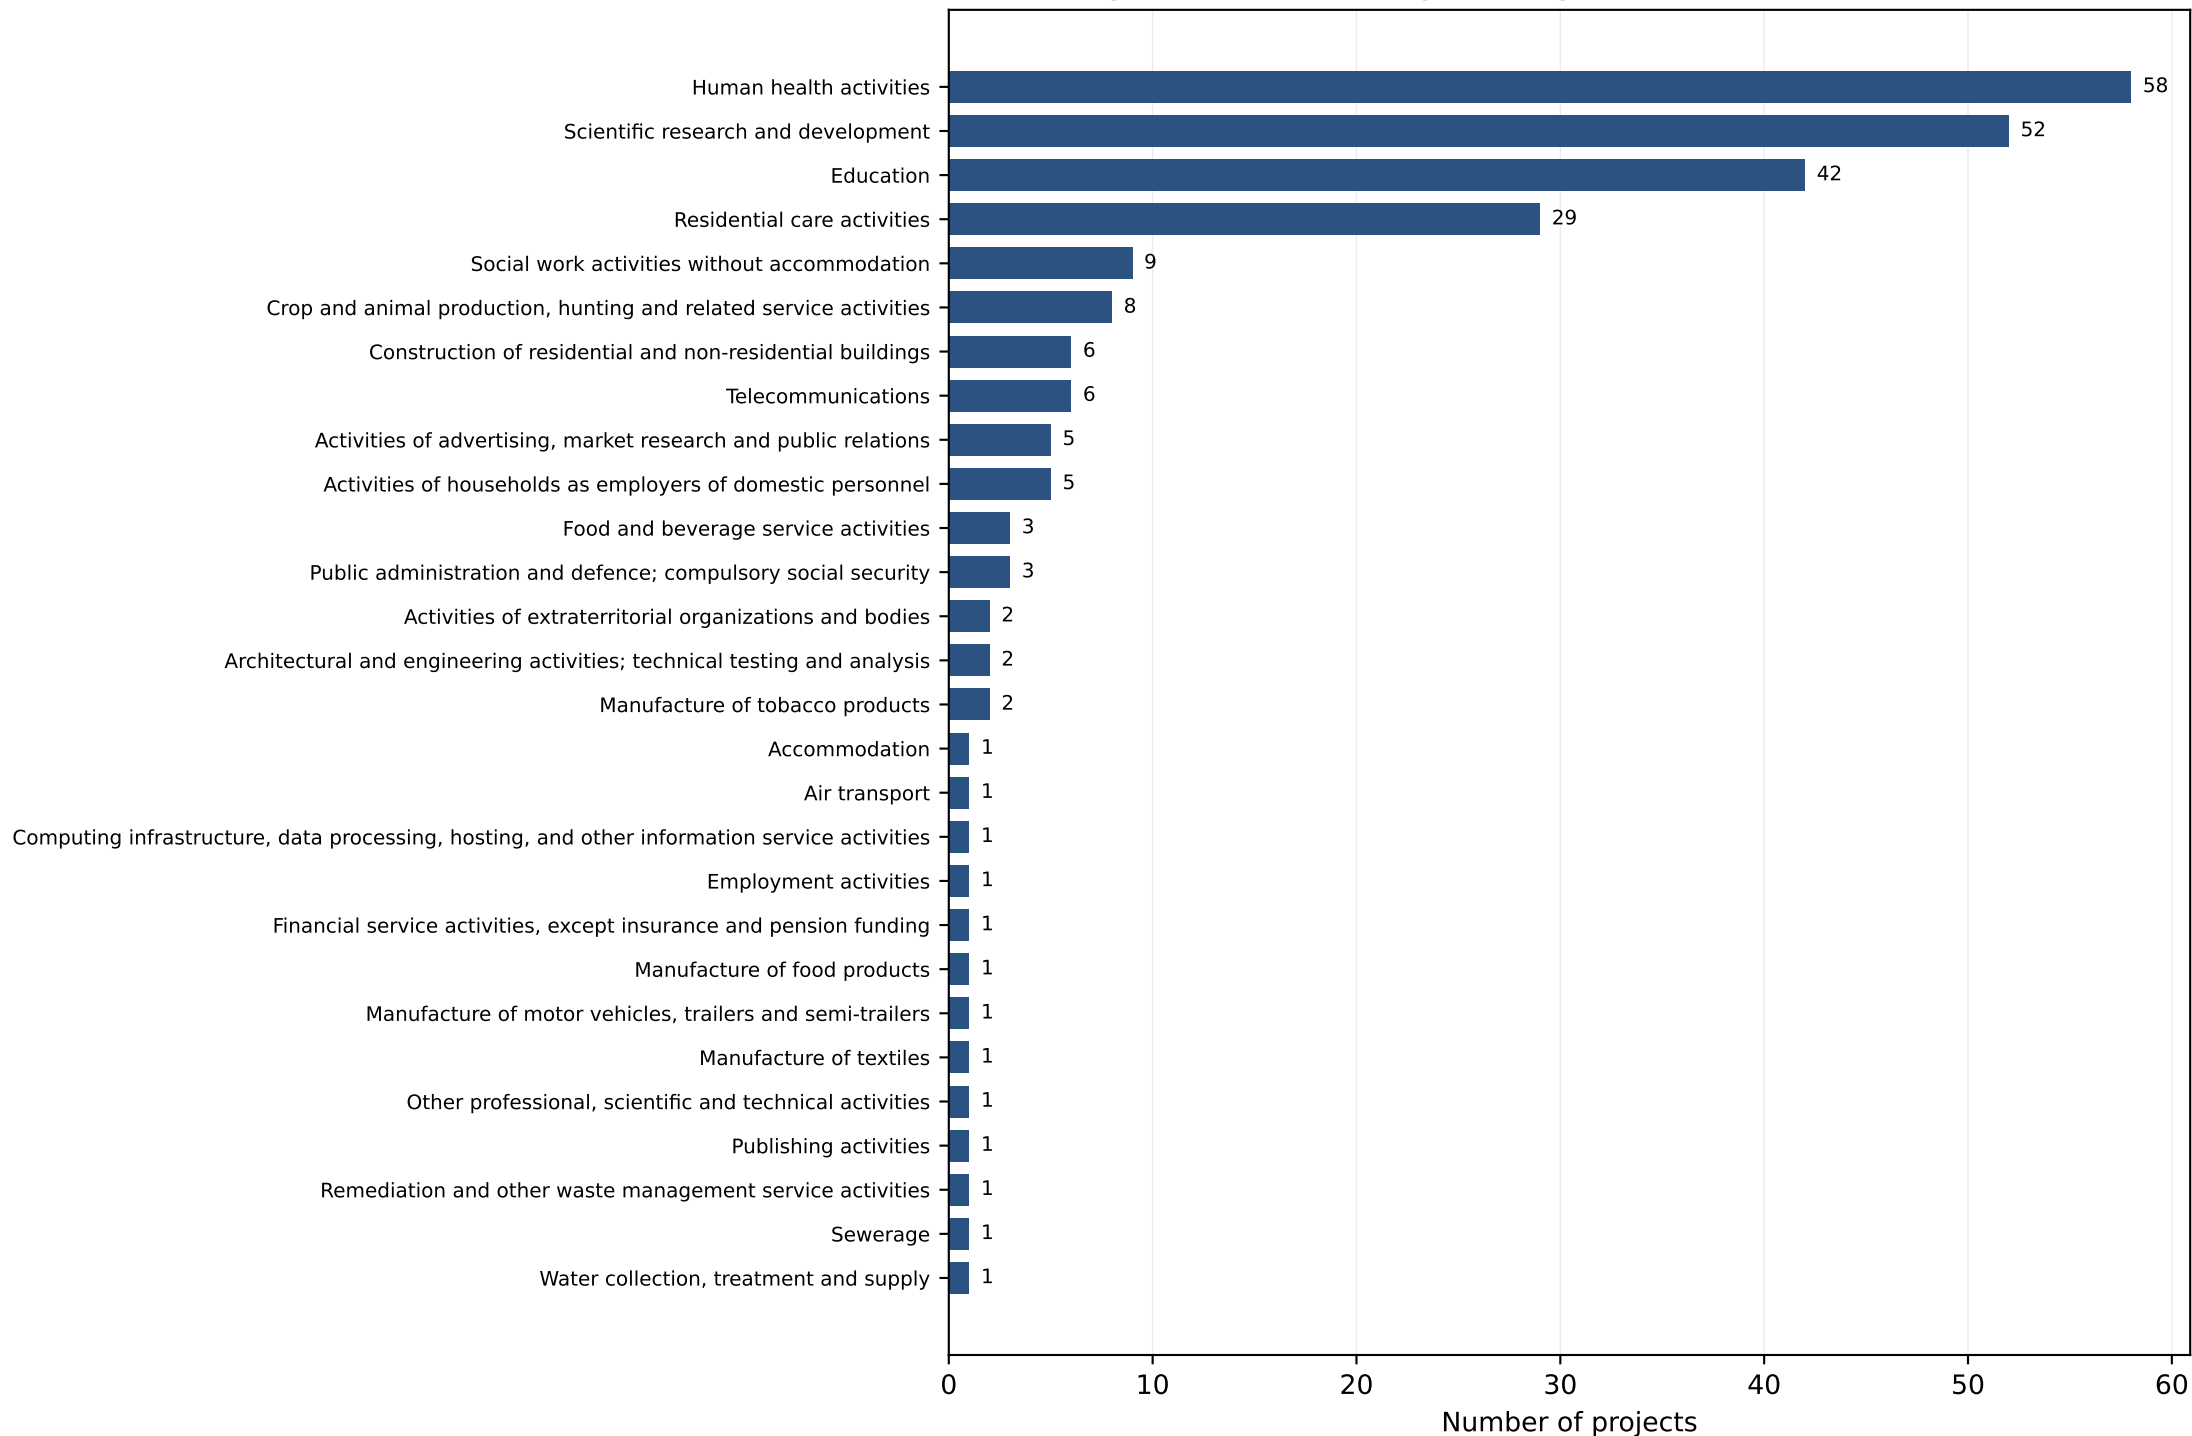

Repository 13: <https://datacatalogue.cessda.eu>

Top 20 primary ISIC classes (rank-ordered by project count)

Rank	Primary class (ISIC division)	Count	Share
1	Activities of extraterritorial organizations and bodies	198	20.2%
2	Activities of advertising, market research and public relations	116	11.8%
3	Education	103	10.5%
4	Human health activities	91	9.3%
5	Scientific research and development	65	6.6%
6	Social work activities without accommodation	64	6.5%
7	Public administration and defence; compulsory social security	50	5.1%
8	Residential care activities	45	4.6%
9	Activities of households as employers of domestic personnel	41	4.2%
10	Library, archives, museum and other cultural activities	19	1.9%
11	Programming, broadcasting, news agency and other content distribution	17	1.7%
12	Investigation and security activities	15	1.5%
13	Motion picture, video and television programme production, sound recording and publishing activities	14	1.4%
14	Other professional, scientific and technical activities	14	1.4%
15	Computing infrastructure, data processing, hosting, and other information service activities	10	1.0%
16	Activities of membership organizations	8	0.8%
17	Gambling and betting activities	8	0.8%
18	Architectural and engineering activities; technical testing and analysis	7	0.7%
19	Employment activities	7	0.7%
20	Publishing activities	7	0.7%

Comments: This repository contributes 979 classified projects across 56 ISIC Rev.5 division labels. The most frequent primary class is "Activities of extraterritorial organizations and bodies" (198 projects, 20.2% of the repository total). The label distribution is broad, with projects spanning many economic activity divisions; this is typical of general-purpose open repositories. CESSDA entries are European social-science metadata records; observed classes align with survey and interview-based studies in public administration and research.

Top 20 primary ISIC classes (rank-ordered by project count)

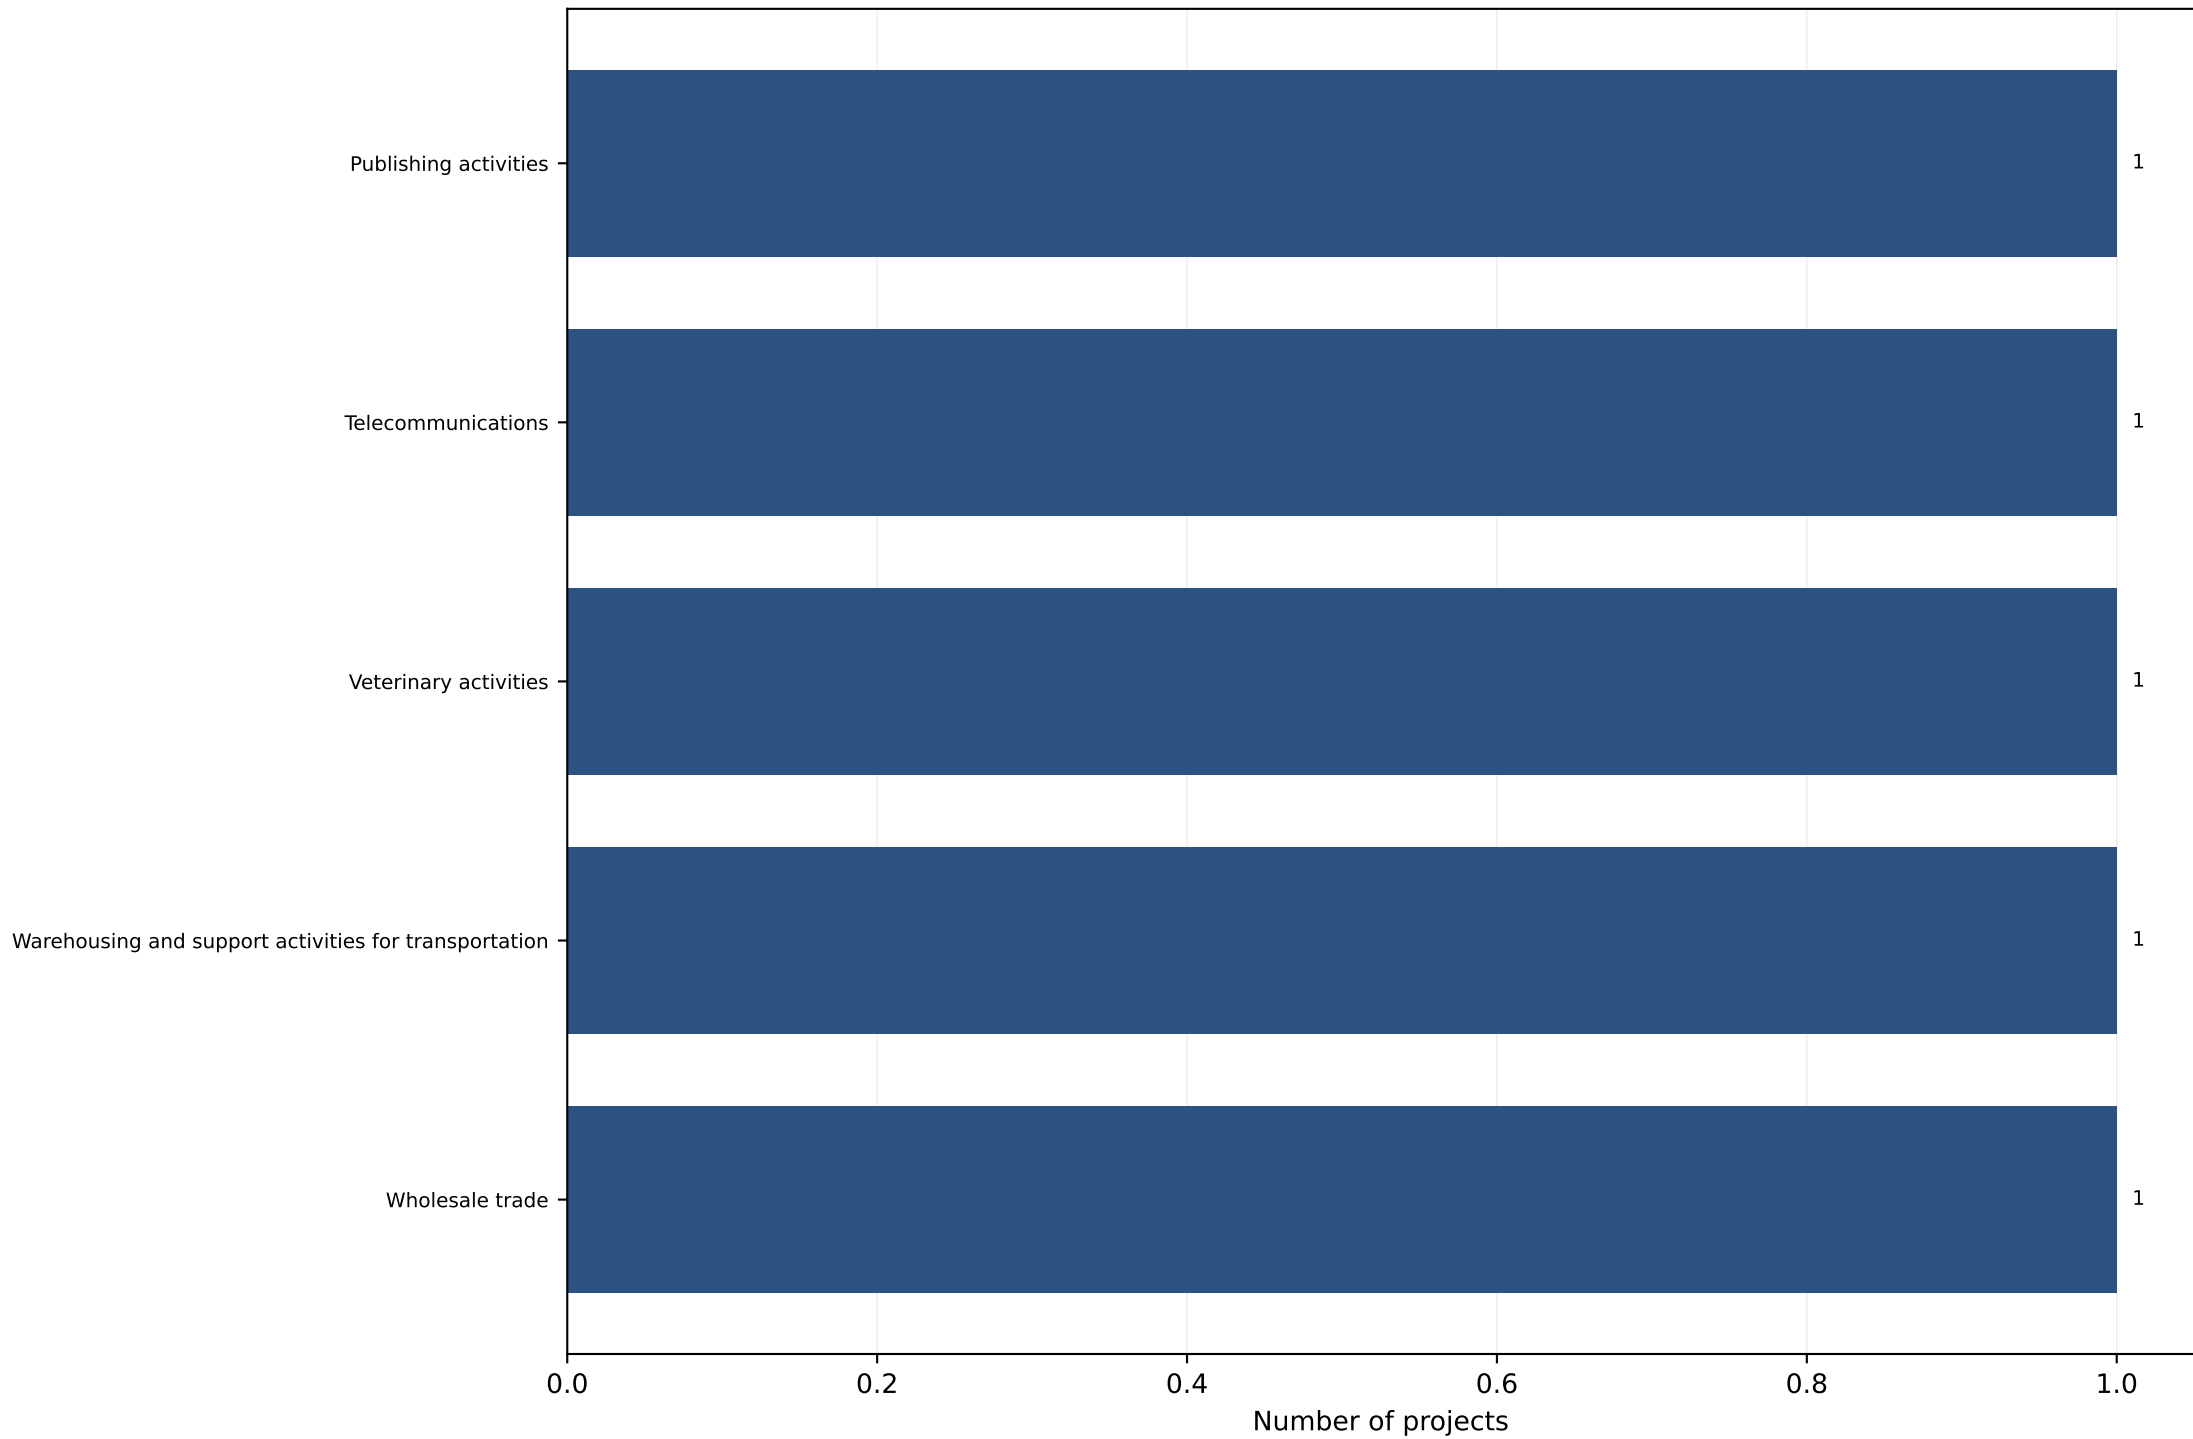

Rank	Primary class (ISIC division)	Count	Share
1	Human health activities	58	23.6%
2	Scientific research and development	52	21.1%
3	Education	42	17.1%
4	Residential care activities	29	11.8%
5	Social work activities without accommodation	9	3.7%
6	Crop and animal production, hunting and related service activities	8	3.3%
7	Construction of residential and non-residential buildings	6	2.4%
8	Telecommunications	6	2.4%
9	Activities of advertising, market research and public relations	5	2.0%
10	Activities of households as employers of domestic personnel	5	2.0%
11	Food and beverage service activities	3	1.2%
12	Public administration and defence; compulsory social security	3	1.2%
13	Activities of extraterritorial organizations and bodies	2	0.8%
14	Architectural and engineering activities; technical testing and analysis	2	0.8%
15	Manufacture of tobacco products	2	0.8%
16	Accommodation	1	0.4%
17	Air transport	1	0.4%
18	Computing infrastructure, data processing, hosting, and other information and communication activities	1	0.4%
19	Employment activities	1	0.4%
20	Financial service activities, except insurance and pension funding	1	0.4%

Comments: This repository contributes 246 classified projects across 29 ISIC Rev.5 division labels. The most frequent primary class is "Human health activities" (58 projects, 23.6% of the repository total). The distribution shows moderate diversity: several divisions account for meaningful shares without a single overwhelming category. The top three classes ("Human health activities", "Scientific research and development", "Education") together cover 61.8% of projects.

Top 20 primary ISIC classes (rank-ordered by project count)

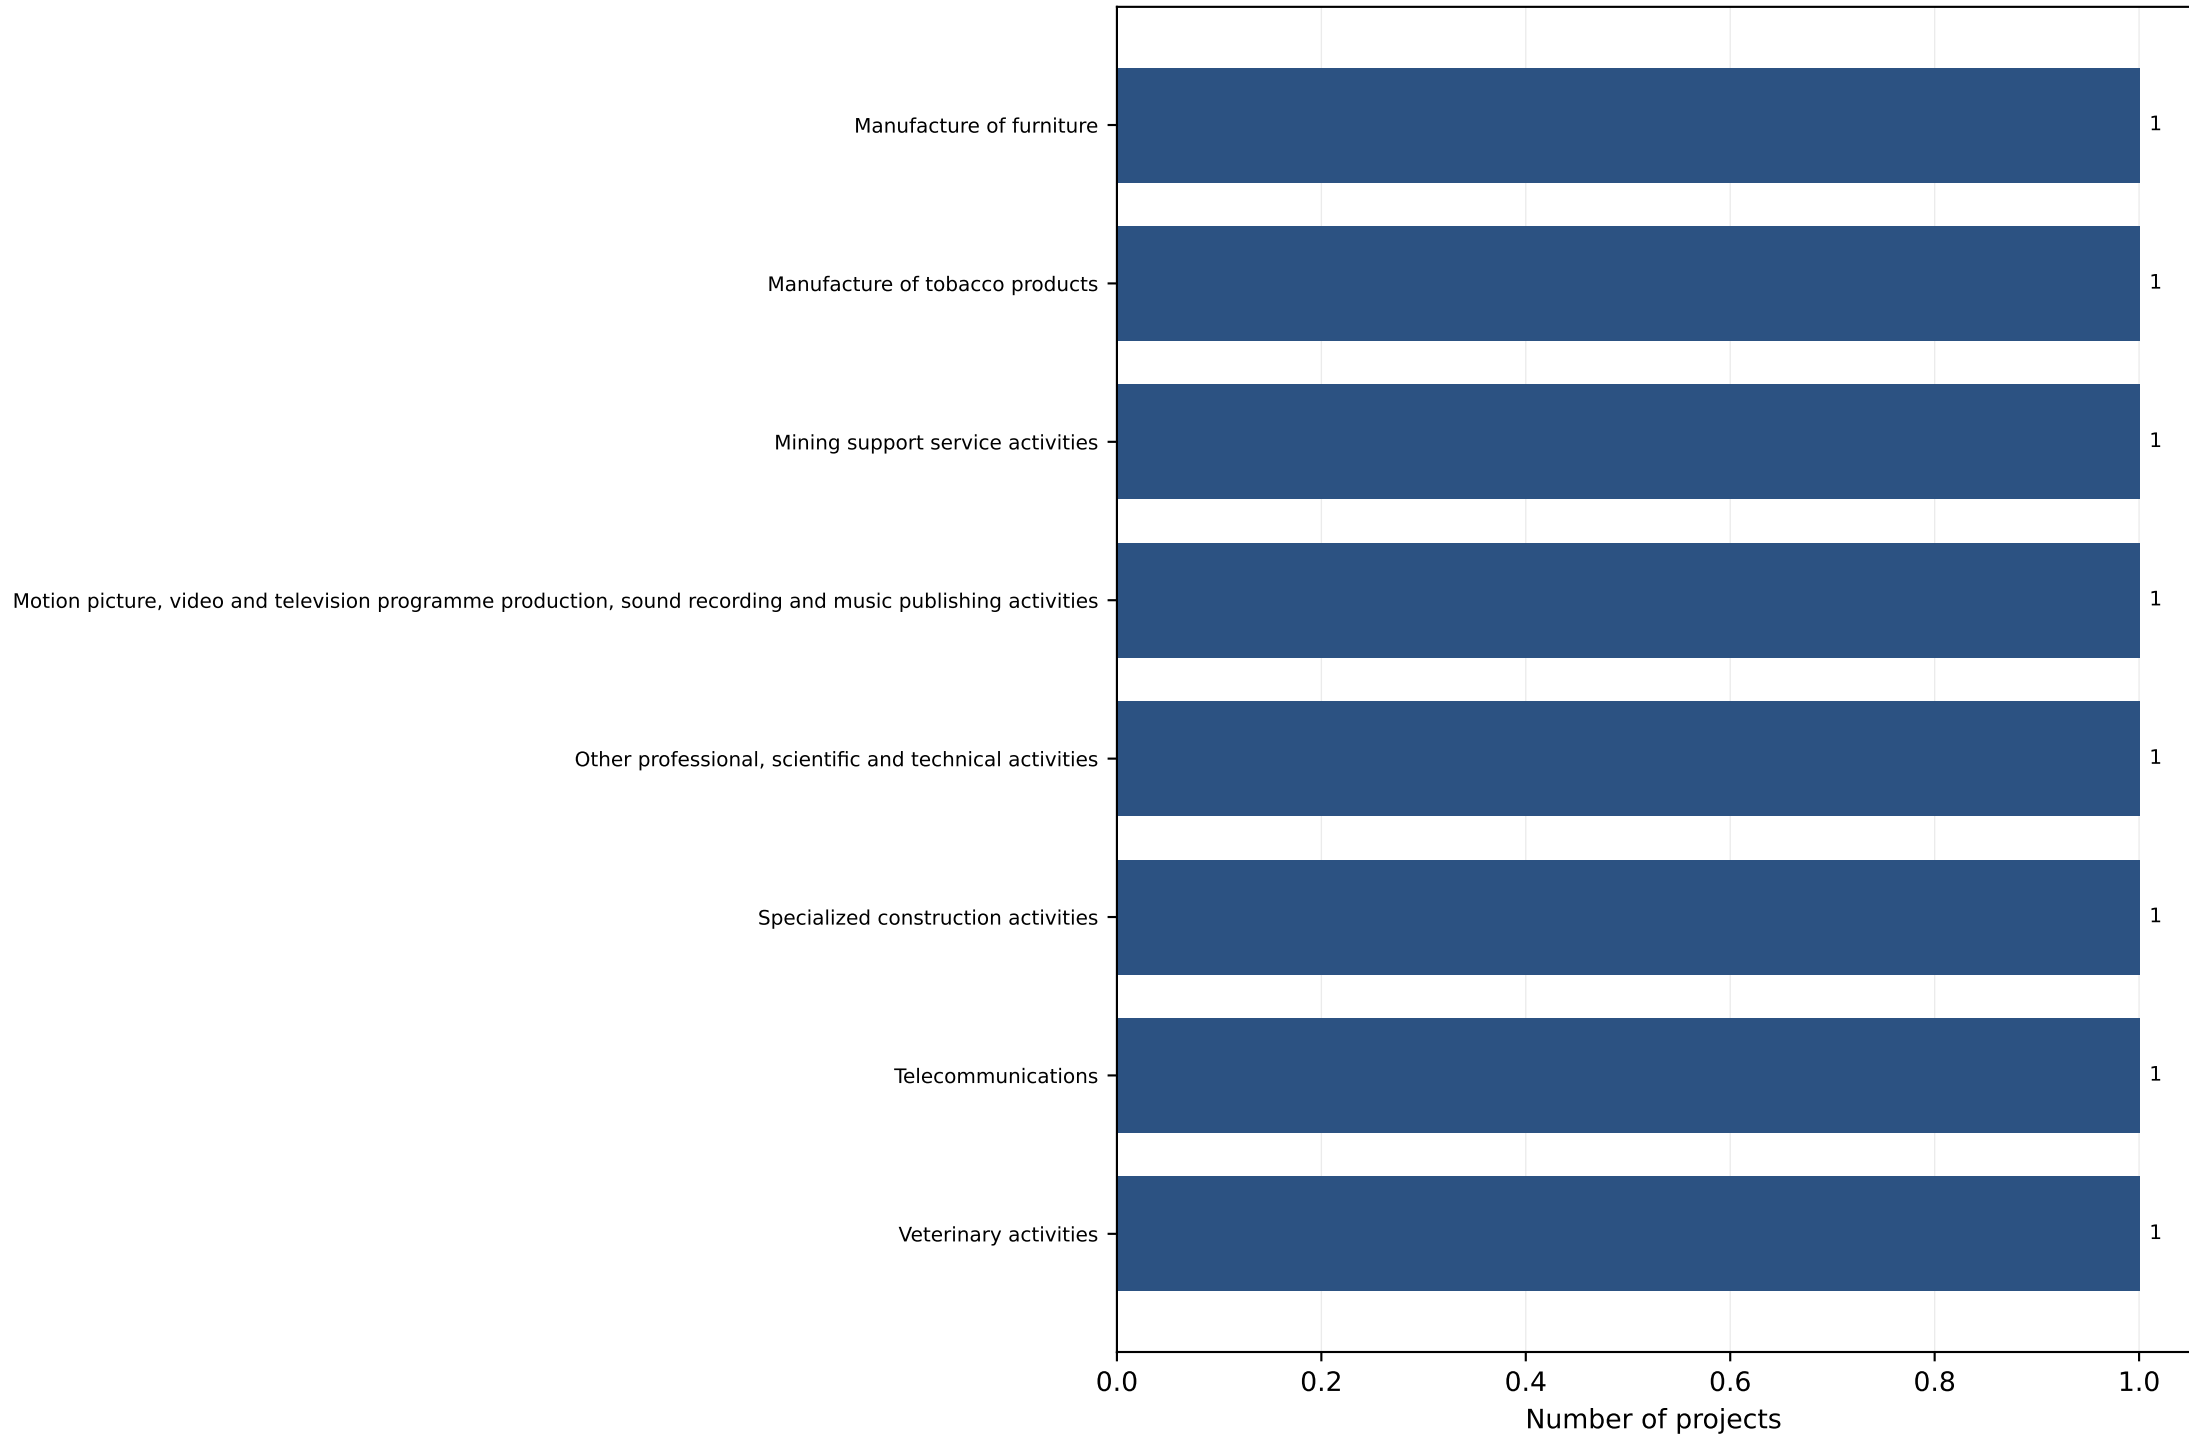

Rank	Primary class (ISIC division)	Count	Share
1	Education	31	13.8%
2	Residential care activities	24	10.7%
3	Activities of households as employers of domestic personnel	19	8.5%
4	Public administration and defence; compulsory social security	19	8.5%
5	Activities of advertising, market research and public relations	18	8.0%
6	Activities of extraterritorial organizations and bodies	15	6.7%
7	Human health activities	15	6.7%
8	Social work activities without accommodation	14	6.2%
9	Scientific research and development	11	4.9%
10	Legal and accounting activities	9	4.0%
11	Manufacture of tobacco products	8	3.6%
12	Investigation and security activities	5	2.2%
13	Architectural and engineering activities; technical testing and analysis	3	1.3%
14	Civil engineering	3	1.3%
15	Computing infrastructure, data processing, hosting, and other information and communication	3	1.3%
16	Manufacture of electrical equipment	3	1.3%
17	Specialized construction activities	3	1.3%
18	Accommodation	2	0.9%
19	Motion picture, video and television programme production, sound recording and publishing activities	2	0.9%
20	Other mining and quarrying	2	0.9%

Comments: This repository contributes 224 classified projects across 33 ISIC Rev.5 division labels. The most frequent primary class is "Education" (31 projects, 13.8% of the repository total). The distribution shows moderate diversity: several divisions account for meaningful shares without a single overwhelming category. SADA (DataFirst) focuses on African social-science data; health, education, and public-administration divisions are frequently represented.
